PROFESSIONAL SUMMARY

M.S. (Pharm) student in Pharmacology and Toxicology at NIPER Mohali with hands-on experience in preclinical pharmacology and neuropharmacological models. Worked on projects related to neuroinflammation and stroke, with exposure to in vivo studies, drug evaluation, and data analysis using GraphPad Prism. Interested in CNS drug development and looking to apply my research training in an industry-driven R&D environment.

EDUCATION

National Institute of Pharmaceutical Educational and Research
M.S (Pharm.) Pharmacology and Toxicology

SAS Nagar, Mohali, India
2025-2027; 9.60 CGPA till 1st sem

Quantum Univeristy
Bachelor of Pharmacy

Roorkee, India
2019-2023; CGPA: 9.17

Bihar State Board of Intermediate Education, India
RBP Inter College

Bihar, India
2017-2019; Percentage: 64.4

Central Board of Secondary Education, India
Sitamarhi Central School

Bihar, India
2015-2016; Percentage: 83.6

PROFESSIONAL WORK EXPERIENCE

Cynet Health
Healthcare Recruiter (US staffing)

Dehradun, India
Dec 2023 – May 2024

Integrated resources Inc.
Healthcare Recruiter (US staffing)

Ahmedabad, India
Jun 2023 – Dec 2023

INTERNSHIP

MWIDM India Private Limited
Healthcare Recruiter

Dehradun, India
Mar 2023 – Jun 2023

Akums drugs and Pharmaceutical Ltd.
Quality Control Department

Haridwar, India
Jul 2022 – Sep 2022

Elfin Pharma
Manufacturing Department

Baddi, India
Jun 2022 – Jul 2022

PROJECTS

Self-Propelled Autonomous Micro-Motors for Targeted Rapid Thrombus Removal in Ischemic Stroke Therapy
National Institute of Pharmaceutical Educational and Research

SAS Nagar, Mohali, India
2025-Present

Targeting Cannabinoid Type-2 Receptors to Resolve Neuroinflammation in Alzheimer's Diseases: From Mechanistic Insights to Therapeutic Horizons

National Institute of Pharmaceutical Educational and Research

SAS Nagar, Mohali, India
2025-Present

Formulation and Evaluation of Cosmetic Kit for the Management of Acne Vulgaris: A Comprehensive Approach

Quantum University

Roorkee, India
2019-2023

PUBLICATION

Global Review on COVID: A PANDEMIC

2022, Mudita Mishra, Swati Tyagi, Sarika Devi, Arpit Raj and Javed Ansari, "Global Review on COVID: A PANDEMIC" COVID -19: Impact and Response Volume IX, (ISBN: 978-93-91768-84-3).

TECHNICAL SKILLS AND INTERESTS

• Analytical & Experimental Skills:

In vivo and in vitro pharmacological assays, neuropharmacological models, dose-response analysis, drug efficacy evaluation, biomarker analysis, experimental design, data interpretation, statistical analysis (ANOVA, t-test).

• Laboratory Techniques:

Animal handling (rodent models), drug administration techniques (oral, IV, IP), sample collection, tissue processing, basic histological understanding, formulation handling, nanoparticle-based drug delivery systems.

- **Computational & Research Tools:**
GraphPad Prism (data analysis & graphing), Microsoft Excel (statistical calculations), scientific literature review (PubMed, Google Scholar), scientific writing & documentation.
- **Drug Development Knowledge:**
Preclinical study design, pharmacokinetics basics, ADME principles, toxicological evaluation, IVIVC concepts, translational research understanding.
- **Relevant Coursework:**
Pharmacology, Experimental Pharmacology, Toxicology, Pharmacokinetics, Biostatistics, Drug Discovery and Development.
- **Areas of Interest:**
Neuropharmacology, CNS drug development, neuroinflammation, stroke models, nanoparticle drug delivery, translational pharmacology.
- **Soft Skills:**
Scientific problem solving, critical thinking, data-driven decision making, teamwork, communication skills.

POSITIONS OF RESPONSIBILITY

Core Member - QUIC (Quantum University Innovation Council)

Quantum University

- Contributed to activities related to Intellectual Property Rights (IPR), including basic patent awareness and innovation discussions
- Assisted in organizing sessions/workshops on innovation, entrepreneurship, and research development
- Collaborated with team members to promote research-oriented thinking and idea development among students
- Participated in discussions on patent search strategies and innovation evaluation

Head Placement Coordinator

Quantum University

- Led the placement coordination team and facilitated communication between students and recruiters.
- Organized placement drives, interviews, and career guidance sessions.
- Guided students in resume preparation and interview readiness.

Coordinator – Social Activity Campaign “Pahal: Ek Nanha Kadam”

Quantum University

- Organized and managed social outreach activities focused on community welfare and awareness.
- Coordinated volunteers and ensured smooth execution of campaign events.
- Promoted social responsibility and student participation in community development initiatives.

ACHIEVEMENTS

- Secured AIR 69 in NIPER Joint Entrance Examination 2025, demonstrating strong academic performance in pharmaceutical sciences.
- Secured Rank 67 in Graduate Pharmacy Aptitude Test 2025, a national-level competitive examination for pharmacy graduates.
- Qualified NTA CUET PG 2025 for postgraduate admissions.
- Qualified Graduate Aptitude Test in Engineering 2025 in the Life Sciences (XL) discipline.
- Recognized as Employee of the Month at Cynet Health for exceptional work performance and contribution.
- Awarded Best Trainee at Integrated Resource Inc. for outstanding performance during training.
- Secured 1st Position in Oral Poster Presentation at a National Conference for presenting “Spansules: A Novel Approach” at IET Bhaddal Technical Campus (November 2022).
